Where

Online! For the competition, the only requirement is that tests be taken in your school environment. They may not be completed at home. However, we are not requiring a non-business educator proctor so that tests can be taken at a time convenient to members and advisers.

Winners will be announced and recognized on social media, Nevada FBLA website and the adviser weekly update.

Testing

Advisers will receive an email from the testing company with adviser credentials. Keep this email. With the credentials you can access student login cards prior to testing.

After the competition winners are announced, advisers will be able to access scores and results based on each test's competencies to help determine events for SBLC competition and to assist in event preparation.

Each test is taken as an individual – there are no collaborative or team events during this online competition.
